Material Safety Data Sheet
May be used to comply with
OSHA's Hazard Communication Standard,
29 CFR 1910.1200. Standard must be
consulted for specific requirements.

IDENTITY (As Used on Label and List)
READY-STRIP PRO

Section I
Manufacturer's Name
Back to Nature Products Co.
Div. of Dynacraft Industries Inc.
Address (Number, Street, City, and ZIP Code)
28 Harrison Ave. Suite 238
Englishtown, New Jersey 07726
Emergency Telephone Number
(732) 792-2001

Telephone Number for Information
(732) 792-2001

Date Prepared
10/1/01
Signature of Preparer (optional)

Section II-Hazardous Ingredients/Identity Information
Hazardous Components (Specific Chemical Identity; Common Name(s))
OSHA PEL ACGIH TLV Other Limits % (optional)
Benzyl Alcohol (100-51-6)
Not Established
25-30%

N.Methyl-2 Pyrrolidone (873-50-40)
Not Established
8-12%

Formic Acid (64-18-6)
5 ppm
3-14%

Non Toxic/Non-Hazardous Components
SS-65%
55-65%

Section III- Physical/Chemical Characteristics
Boiling Point
205°C
Specific Gravity (H₂O=1)
1.1

Vapor Pressure (mm Hg.)
.2 mm Hg at 20°C (68°F)
Melting Point
N/A

Vapor Density (AIR =1)
5.5-6
Evaporation Rate (Butyl Acetate=1)
.06

Solubility in Water
25-40%
Appearance and Odor
Mild odor

Section IV- Fire and Explosion Hazard Data
Flash Point (Method Used)
over 200°F
Flammable Limits
LEL 1.1 UEL 8.5

Extinguishing Media
Water fog, spray, dry chemical C02

Special Fire Fighting Procedures
Do not enter confined fire space without protective equipment including NIOSH approved SCBA.
Use water spray to cool fire exposed surfaces and to protect personnel.

Unusual Fire and Explosion Hazards
Low when exposed to flames. May react with strong oxidizing materials
N/A = Not Applicable

Note: Blank spaces are not permitted. If any item is not applicable, or no information is available, the space must be marked to indicate that.

**Health Hazards (Acute and Chronic)** Direct contact or exposure to mists and vapor may cause slight to moderate eye irritation. Prolonged or repeated exposure to product, vapors, or mists may cause slight skin irritation. Ingestion may cause moderate to severe irritation of the gastrointestinal tract. Inhalation exposure to vapor or mists may cause moderate to severe irritation of the respiratory tract.

**Carcinogenicity:**
- NTP? Not listed
- IARC Monographs? Not listed
- OSHA Regulated? Not regulated

**Signs and Symptoms of Exposure:**
- Eye Contact: a stinging sensation, excess blinking and tear production, redness and swelling of the conjunctive. Skin Contact: redness and a burning sensation. Prolonged or widespread contact may result in the absorption of potentially harmful amounts of material, with identical symptoms as ingestion. Ingestion: nausea, headache, dizziness, and abdominal pain. Inhalation: headache, nausea, coughing, chest pain and vomiting.

**Emergency and First Aid Procedures:**
- Inhalation: remove victim to fresh air and seek medical attention if irritation persists. Eyes: immediately flush exposed areas with large quantities of water for at least 15 minutes. Skin: immediately flush skin with large amounts of water for at least 15 minutes while removing contaminated clothing. If irritation is evident or discoloration persists, seek medical attention. Ingestion: do not induce vomiting unless directed by medical personnel. Drink large quantities of water or milk. Seek medical attention.

**Section VII - Precautions for Safe Handling and Use**

**Steps to Be Taken in Case Material is Released or Spilled**
- Remove any source of ignition. Dike spill using soil, sand, or absorbent. Soak up with suitable, non-combustible absorbent material, collect in suitable containers for disposal. Recover free product, if possible. Prevent flow to sewer and public waters. For water spill, notify downstream users of possible contamination.

**Waste Disposal Method**
- Dispose of in accordance with all Local, State and Federal regulations.

**Precautions to Be Taken in Handling and Storing**
- Store at temperatures between 32°F-110°F, keep container tightly closed. Empty containers should be thoroughly rinsed with water and disposed of according to local regulations.

**Section VIII - Control Measures**

**Respiratory Protection (Specify Type)**
- Use NIOSH approved chemical cartridge (organic vapor) respiratory equipment when spraying material (full face respirator is recommended)
- Ventilation: Local Exhaust Sufficient to maintain air concentration as required by OSHA Special N/A Mechanical (General) Maintain adequate ventilation Other N/A

**Protective Gloves**
- Butyl rubber, Neoprene gloves

**Eye Protection**
- Eye protection for application and removal such as chemical splash goggles.

**Other Protective Clothing or Equipment**
- Impervious coveralls, apron, boots, as necessary to prevent skin contact.

Eye wash as needed.

N/A = Not applicable
