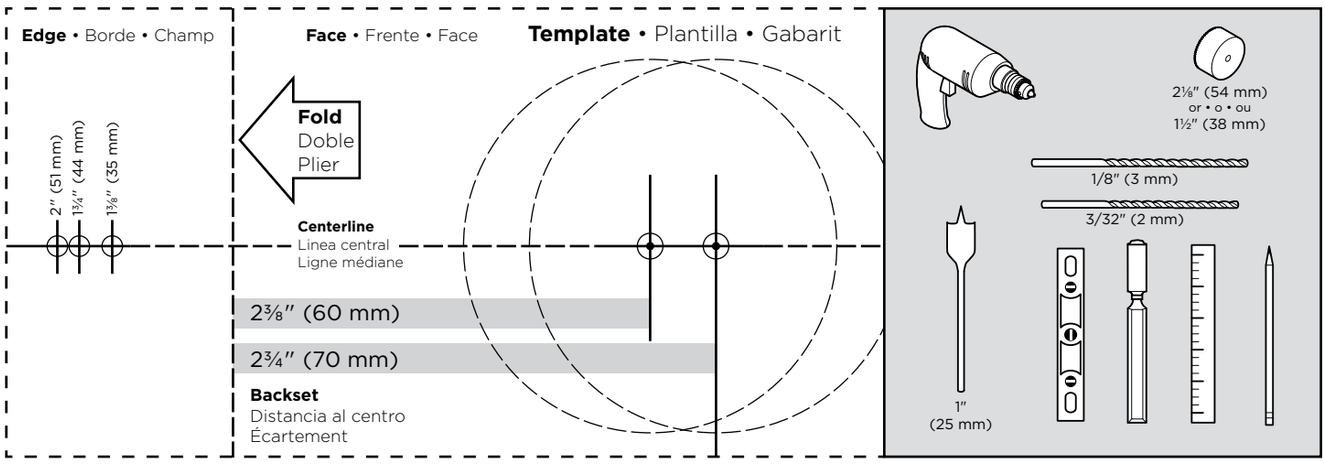
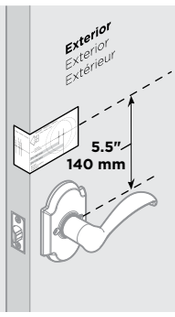
Drilling Instructions (if required)

Instrucciones para taladrar (si es necesario)

Instructions de perçage (si nécessaire)



1

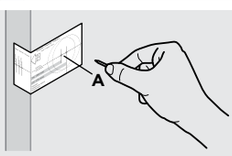


Place the template on the EXTERIOR side of door. Fold template along fold line and place fold line along the edge of door with the centerline approximately 5-1/2" (140mm) above centerline of knob or lever centerline.

Coloque la plantilla en el lado exterior de la puerta. Doble la plantilla a lo largo del doblez y coloque el doblez a lo largo del borde de la puerta con la línea central aproximadamente 5-1/2" (140 mm) por encima de la línea central del pomo o de la palanca.

Placer le gabarit sur l'extérieur de la porte. Plier le gabarit le long de la ligne de pliage et placer la ligne de pliage le long du bord de la porte, avec l'axe à environ 140 mm (5-1/2") au-dessus de la ligne de centrage de la poignée.

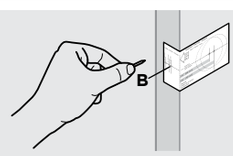
2



Mark hole A. Select desired backset before marking hole.

Marque el orificio A. Seleccione la distancia al centro deseada antes de marcar el orificio.

Marquez le trou A. Sélectionnez écartement désirée avant de marquer le trou.

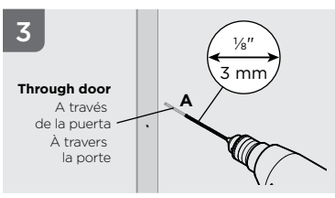


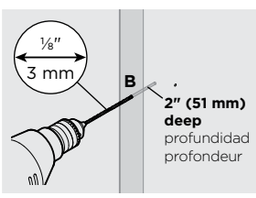
Mark hole B. Select door thickness before marking hole.

Marque el orificio B. Seleccione grosor de la puerta antes de marcar el orificio.

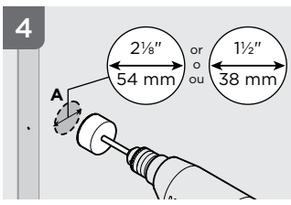
Marquez le trou B. Sélectionnez épaisseur de la porte avant de marquer le trou.

3





4



Drill from one side until the point of drill just breaks through, then complete hole from the other side to prevent splintering.

Taladre de unlado hasta que la punta de la brocasalga al otro lado, luego complete el orificio del otro lado para prevenir astillas.

Percer à partir d'un côté jusqu'à ce que les dents de la scie apparaissent de l'autre côté, puis finir à partir de l'autre côté afin d'éviter de produire les éclats de bois.
