

Material Safety Data Sheet

Section 1 General Information

Manufacturer:

Zinsser Company, Inc.
173 Belmont Drive
Somerset, NJ 08875
(732) 469-8100

HMIS Rating

HEALTH: 1
FLAMMABILITY: 0
REACTIVITY: 0

Emergency Telephone: Chemtrec (800) 424-9300**Date:** December 1, 2006**Product Name: DIF Liquid Concentrate**

Codes: 02401 02405 02406 02420 02422 02424 02426 02427

Section 2 Hazardous Ingredients

<u>Hazardous Component</u>	<u>CAS#</u>	<u>OSHA PEL</u>	<u>ACGIH TLV</u>
None	N/A	N/A	N/A

Section 3 Hazard Identification

Emergency Overview: This material is a translucent amber fluid with a mild odor. This material is not flammable and has a flashpoint above 200° F.

Primary Routes of Exposure:

Inhalation
Skin Contact
Eye Contact

Potential Acute Health Effects:

Eye: May cause eye irritation.

Skin: Prolonged or repeated skin contact may cause irritation.

Ingestion: Not hazardous under intended use conditions.

Inhalation: May cause slight respiratory irritation (coughing) in some individuals.

Potential Chronic Health Effects: None known.

(See also Sections 4, 8, and 11 for related information)

N/A: Not Applicable N/D: Not Determined N/E: Not Established N/R: Not Required Est.: Estimated

Section 4 First Aid Measures

Eye contact: Flush eyes with water for at least 15 minutes.

Skin contact: Wash with soap and water.

Ingestion: If the person is conscious and able to swallow have them drink water to dilute. Contact a poison control center, physician, or emergency room.

Inhalation: If exposed to excessive levels of vapors or mists, remove to fresh air. Seek medical attention if cough or other symptoms persist.

Note to Physician: Treat symptomatically. Swallowing less than an ounce will not cause significant harm. See Section 11 for additional toxicological information.

Section 5 Fire Fighting Measures

Flash Point (method): Greater than 200° F

Extinguishing Media: This material will not burn.

Protection of Firefighters: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6 Accidental Release Measures

Clean Up Methods: Keep unnecessary people away. Floors may be slippery; care should be exercised to avoid falls. Dike and contain spill with inert material (sand, earth, etc.) and transfer liquid to containers for recovery or disposal.

(See also Section 8 for information on Exposure Controls and Personal Protective Equipment)

Section 7 Handling and Storage

Handling: Protect against physical damage.

Storage: Keep from freezing. Keep container closed to prevent drying out.

N/A: Not Applicable N/D: Not Determined N/E: Not Established N/R: Not Required Est.: Estimated

Section 8 Exposure Controls / Personal Protection

Engineering Controls: If necessary, use general room dilution ventilation, process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits.

Personal Protective Equipment (PPE):

Eye Protection: Eye contact should be avoided. Where eye contact is likely, wear chemical splash goggles and/or full-face shield.

Skin Protection: None needed under normally anticipated use conditions. Individuals who have skin sensitivities should wear rubber gloves and other protective clothing to prevent skin contact.

Respiratory Protection: None needed under normally anticipated use conditions. If vapor levels exceed allowable exposure limits, wear a NIOSH approved air-purifying respirator with an organic vapor cartridge.

General Hygiene Practices: Avoid eye and skin contact. Avoid breathing vapors. Wash hands before eating and drinking.

Section 9 Physical Data

Appearance: Translucent amber liquid	Odor: Mild odor
Physical State: Liquid	pH: 7 - 8
Boiling Point: >212° F	Freezing/Melting Point: <32 F
Vapor Pressure: N/D	Vapor Density: > air
Odor Threshold: N/D	Viscosity: N/D
Solubility in Water: 100%	Specific Gravity (water = 1): 1.02

Section 10 Stability and Reactivity

Stability: Stable, non-reactive.

Hazardous Polymerization: Will not occur.

Hazardous Decomposition Products: None known.

Incompatibility: None known.

N/A: Not Applicable N/D: Not Determined N/E: Not Established N/R: Not Required Est.: Estimated

Section 11 Toxicological Information

Acute Health Effects

Eye Irritation: This material is not considered a primary eye irritant (as tested in accordance with the FHSa 16 CFR 1500.3).

Dermal Irritant: This material is not considered a primary dermal irritant (as tested in accordance with the FHSa 16 CFR Part 1500.3).

Toxic by Ingestion: This material is not considered toxic when tested for acute oral toxicity (as tested in accordance with the FHSa 16 CFR 1500.3).

Inhalation Irritant: This material is not considered toxic when tested for acute inhalation toxicity (as tested in accordance with the FHSa 16 CFR 1500.3).

Carcinogenicity: This material is not considered a carcinogen by IARC or NTP and is not regulated as a carcinogen by OSHA.

(See also Section 15 for related information)

Section 12 Ecological Information

Chemical Fate and Effects: No data available.

Section 13 Disposal Considerations

Recommended Waste Disposal Method: This material is not considered hazardous waste under Federal Hazardous Waste Regulations (40CFR 261). However, state and local requirements for waste disposal may be more restrictive or otherwise differ from federal regulations. Chemical additions, processing or otherwise altering this material may render the waste management information presented in this MSDS incomplete, inaccurate or otherwise inappropriate. Consult all applicable federal, state, and local regulations regarding the proper disposal of this material.

Section 14 Transportation Information

Regulated by the DOT: No

DOT Proper Shipping Name: Paint Products Non-Hazardous

UN / NA Number: N/A

N/A: Not Applicable N/D: Not Determined N/E: Not Established N/R: Not Required Est.: Estimated

Section 15 Regulatory Information

CERCLA:

The Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA) requires notification to the National Response Center for releases of quantities of Hazardous Substances equal to or greater than the reportable quantities (RQs) in 40 CFR 302.4 (for CERCLA 102).

Components present in this product at a level which could require reporting under the statute are:

<u>Chemical Name</u>	<u>CAS#</u>	<u>Maximum Concentration (Wt. %)</u>
None	N/A	N/A

SARA Title III, section 311/312:

The Superfund Amendments and Reauthorization Act of 1986 (SARA) Title III requires emergency planning based on Threshold Planning Quantities (TPQs) and release reporting based on Reportable Quantities (RQs) in 40 CFR 355 (used for SARA 302, 304, 311 and 312).

Components present in this product at a level which could require reporting under the statute are:

<u>Chemical Name</u>	<u>CAS#</u>	<u>Maximum Concentration (Wt. %)</u>
None	N/A	N/A

SARA Title III, section 313:

The Superfund Amendments and Reauthorization Act of 1986 (SARA) Title III requires submission of annual reports of release of toxic chemicals that appear in 40 CFR 372 (for SARA 313).

Components present in this product at a level which could require reporting under the statute are:

<u>Chemical Name</u>	<u>CAS#</u>	<u>Maximum Concentration (Wt. %)</u>
None	N/A	N/A

TSCA:

The components of this mixture are listed in the Toxic Substance Control Act Inventory of Chemical Substances.

This product does not contain any chemicals that require export notification under Section 12(b) of the TSCA regulation.

Section 16 Other Information

Legend: N/A: Not Applicable	N/D: Not Determined
N/E: Not Established	N/R: Not Required
STEL: Short Term Exposure Limit	C: OSHA Ceiling Value

N/A: Not Applicable N/D: Not Determined N/E: Not Established N/R: Not Required Est.: Estimated

cps: Centipoise
mppcf: million particles per cubic foot of air.
PPB: Parts Per Billion
TLV: Threshold Limit Value
ACGIH: American Conference of Governmental Industrial Hygienists
CPSC: Consumer Product Safety Commission
FHSA: Federal Hazardous Substance Act
OSHA: Occupational Safety and Health Administration (US Dept. of Labor)
RCRA: Resource Conservation and Recovery Act
SARA: Superfund Amendment and Reauthorization Act
Skin: This substance has the potential to be absorbed systemically through the skin.
TSCA: Toxic Substance Control Act

HMIS Key

4 = Severe Hazard
3 = Serious Hazard
2 = Moderate Hazard
1 = Slight Hazard
0 = Minimal Hazard
