SAFETY & QUALITY

FEATURES AND BENEFITS

- Vapor-filled dual diaphragm temperature control tightens the comfort range with more accuracy
- Industrial grade Micro Switch™ extends life
- Color-coded wires assure easy installation
- Replaces most wall-mounted line voltage thermostats
- Recommended for baseboard and in-wall fan heaters
- Cover lock and temperature range stops (included) govern min/max temperature setting
- Can save up to 12% on your heating bill
- Temperature range 50°F to 80°F (10°C to 30°C)
- 2°F (1°C) mechanical differential

Better Choice Dual Diaphragm

General Information:

The T4398 performance thermostats use vapor-filled dual diaphragm temperature control, which tightens the comfort range with more accuracy, and can save up to 12% on your heating bill. These models include an industrial grade Micro Switch™ with extended life, and can replace most wall-mount line voltage thermostats. The T4398 model thermostats are recommended for baseboard and in-wall fan heaters, and are available in single (2 wire) or double (4 wire) pole.

Architectural Information:

Thermostat shall be UL and CSA listed and be rated at 22 amps (240/208/120 VAC) and 19 amps (277 VAC). The device shall be vented at top and bottom. Thermostat shall have a vapor-filled dual sensing diaphragm and snap action switch. Thermostat shall be factory sealed and calibrated. The cover shall be white and made of polystyrene material with two mounting screws provided.

Ordering Information:

- Available in white.
- Minimum order quantity 10 thermostats.
- Small parcel shipments not available: truck or LTL only

Carton Details

Product

DIMENSIONS | 2.875"W x 4.375"H x 1.5"D

Single Carton

WHOLESALE | 2.9"W x 4.75"H x 3.25"D

Case

WHOLESALE | 18.25"W x 15.25"H x 9.75"D
