### NON-STICK, STAINLESS STEEL CURVED SOLEPLATE

Reduce tugging and wrinkling with curved, stainless steel soleplate. Enjoy neat, tangle-free storage with one-touch cord retractor.

### ADJUSTABLE STEAM SETTINGS AND LARGE WATER WINDOW

Adjustable steam settings include "high" for heavier fabrics, "low" for touch-ups and "dry" for no steam output. Large water window allows you to easily see when you need to add water.

### INDICATOR LIGHT AND AUTO SHUT-OFF

Maintain accurate temperature with easy-to-use dial temperature control. Handy indicator light signatures when iron reaches desired temperature. Mercury-free sensor shuts off iron after 10 minutes if left in upright position, and after one minute if left unmoved on soleplate or tipped on side.

### ONE-TOUCH SPRAY MIST WITH ANTI-CALCIUM SYSTEM

Instantly add moisture with one-touch spray mist. Spray mist feature also helps clean iron steam vents. Anti-calcium system reduces clogged steam vents by minimizing build-up in the vaporizing chamber of the iron.
