

CL25AE

For Indoor Use

The CL25AE is a great for spot cooling in any home or office. Honeywell evaporative coolers do not require power hungry components like compressors. The CL25AE consumes only 235 watts* of power. This low power consumption translates into significant savings on energy bills compared to using air conditioners. Four fan speeds and oscillating louvers improve air circulation and provide an even distribution of cool air for rooms up to 300 square feet*. This air cooler is a practical & powerful performer for small to medium rooms. The electronic control panel is easy to use and the remote control lets you operate your cooler from across the room. This unit has 4 durable caster wheels which allow you to easily roll the unit from room to room.

* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
 ** Water Capacity is the total volume of water that can be contained within the air cooler water tank and water distribution system.

Product Dimensions (in)	18.9 (W) 14.6 (D) 33.3 (H)
Net Weight	25.4 lbs / 11.5 kg
UPC Barcode	848987000589
EAN Barcode	4895007930377
Container Qty 40' HQ	360 pcs

FEATURES & BENEFITS

Low Power Consumption
235 Watts*

Water Capacity
6.6 Gallons (25 Liters)**

4 Speeds: High /
Medium / Low / Sleep

Low Water Alarm

Ice Compartment For
Faster Cooling

Cools Up To
300 Sq.ft (28 Sq. m)*

Powerful Air Flow
500 CFM (850 m³/hr)*

Adjustable
Humidification Level

Honeycomb
Cooling Media and
Carbon-Dust Filter

Oscillating Louvers
