## 2. HAZARD IDENTIFICATION

"Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

This product is classified under 29CFR 1910.1200(d) and the Canadian Hazardous Products Regulation as follows:.

|                                  |                                                                                                                      |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>Hazard Category</b>           |                                                                                                                      |
| <b>Skin corrosion/irritation</b> | Category 2                                                                                                           |
| <b>Eye Damage / Irritation</b>   | Category 2A                                                                                                          |
| <b>Skin sensitization</b>        | Category 1                                                                                                           |
| <b>Flammable Liquids</b>         | Category 4                                                                                                           |
| <b>Signal Word</b>               | WARNING                                                                                                              |
| <b>Hazard Statements</b>         | Causes serious eye irritation<br>Causes skin irritation<br>May cause an allergic skin reaction<br>Combustible liquid |
| <b>Hazard pictograms</b>         |                                                                                                                      |

**Precautionary Statements**

Wash hands thoroughly after handling  
 Keep away from heat/sparks/open flames/hot surfaces. — No smoking  
 Keep container tightly closed

**Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
 If eye irritation persists: Get medical advice/attention  
 IF SWALLOWED: Rinse mouth. DO NOT induce vomiting  
 Drink 1 or 2 glasses of water  
 IF ON SKIN: Wash with plenty of water and soap  
 Take off contaminated clothing and wash before re-use  
 If skin irritation or rash occurs: Get medical advice/attention  
 In case of fire: Use water, CO<sub>2</sub>, dry chemical, or foam for extinction

**Precautionary Statements - Storage** Store in a well-ventilated place. Keep cool

**Precautionary Statements - Disposal** None

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients are listed according to 29CFR 1910.1200 Appendix D and the Canadian Hazardous Products Regulation

| Chemical Name                                     | Synonyms                                                                | Trade Secret | CAS-No     | Weight-%  |
|---------------------------------------------------|-------------------------------------------------------------------------|--------------|------------|-----------|
| Pentamethylheptenone                              | 3,4,5,6,6-Pentamethylhept-3-en-2-one                                    | No           | 81786-74-5 | 10 - 15   |
| Linalool                                          | 1,6-Octadien-3-ol, 3,7-dimethyl-                                        | No           | 78-70-6    | 5 - 10    |
| Benzyl Acetate                                    | Acetic acid, phenylmethyl ester                                         | No           | 140-11-4   | 5 - 10    |
| Linalyl acetate                                   | 1,6-Octadien-3-ol, 3,7-dimethyl-, 3-acetate                             | No           | 115-95-7   | 5 - 10    |
| Trimethylhexyl Acetate                            | 1-Hexanol, 3,5,5-trimethyl-, 1-acetate                                  | No           | 58430-94-7 | 5 - 10    |
| 4-tert-Butylcyclohexyl acetate                    | Cyclohexanol, 4-(1,1-dimethylethyl)-, 1-acetate                         | No           | 32210-23-4 | 1 - 5     |
| Ethyl trans-2,2,6-trimethylcyclohexanecarboxylate | Cyclohexanecarboxylic acid, 2,2,6-trimethyl-, ethyl ester, (1R,6S)-rel- | No           | 22471-55-2 | 1 - 5     |
| Alpha-Isomethyl Ionone                            | 3-Buten-2-one, 3-methyl-4-(2,6,6-trimethyl-2-cyclohexen-1-yl)-          | No           | 127-51-5   | 1 - 5     |
| Tetramethylbicyclo-2-heptene-2-propionaldehyde    | alpha-Pinyl Isobutyraldehyde                                            | No           | 33885-52-8 | 1 - 5     |
| Eugenol                                           | Phenol, 2-methoxy-4-(2-propen-1-yl)-                                    | No           | 97-53-0    | 0.5 - 1.5 |
| 2,4-Dimethyl-3-Cyclohexene Carboxaldehyde         | 3-Cyclohexene-1-carboxaldehyde, 2,4-dimethyl-                           | No           | 68039-49-6 | 0.5 - 1.5 |
| Hydroxycitronellal                                | Octanal,                                                                | No           | 107-75-5   | 0.5 - 1.5 |

|                                                                                |                                                                                     |    |            |           |

**Additional information**

Actual substance concentrations fall within the ranges stated. Maximum values do not necessarily represent the values present in the formula.

#### 4. FIRST AID MEASURES

**First aid measures for different exposure routes**

|                                                           |                                                                                                             |
|-----------------------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>                                        | Rinse with plenty of water. Get medical attention immediately if irritation persists.                       |
| <b>Skin contact</b>                                       | Rinse with plenty of water. Get medical attention if irritation develops and persists.                      |
| <b>Ingestion</b>                                          | Drink 1 or 2 glasses of water. Do NOT induce vomiting. Get medical attention immediately if symptoms occur. |
| <b>Inhalation</b>                                         | Move to fresh air. If symptoms persist, call a physician.                                                   |
| <b>Most important symptoms/effects, acute and delayed</b> | None under normal use conditions.                                                                           |

**F. Indication of immediate medical attention and special treatment needed, if necessary**

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to Physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

#### 5. FIRE-FIGHTING MEASURES

|                                                       |                                                                                                                                        |
|-------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Suitable extinguishing media</b>                   | In case of fire: Use water, CO2, dry chemical, or foam for extinction.                                                                 |
| <b>Unsuitable Extinguishing Media</b>                 | Do not use a solid water stream as it may scatter and spread fire.                                                                     |
| <b>Special hazard</b>                                 | Combustible liquid.                                                                                                                    |
| <b>Special protective equipment for fire-fighters</b> | As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. |
| <b>Specific hazards arising from the chemical</b>     | None.                                                                                                                                  |

#### 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures**

|                                        |                                                                                 |
|----------------------------------------|---------------------------------------------------------------------------------|
| <b>Personal precautions</b>            | Use personal protective equipment. Do not get in eyes, on skin, or on clothing. |
| <b>Advice for emergency responders</b> | Use personal protective equipment as required.                                  |
| <b>Environmental precautions</b>       | Should not be released into the environment                                     |

**Methods and materials for containment and cleaning up**

|                                |                                                                                                                                                                                                                                 |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Methods for containment</b> | Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal.                                                                                                                        |
| <b>Methods for cleaning up</b> | Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). |

**7. HANDLING AND STORAGE****Precautions for safe handling**

|                                |                                                                                                                                                                                                                                                   |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Advice on safe handling</b> | Keep away from open flames, hot surfaces and sources of ignition. Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of the reach of children. |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

**Conditions for safe storage, including any incompatibilities**

|                              |                                                                                                  |
|------------------------------|--------------------------------------------------------------------------------------------------|
| <b>Storage Conditions</b>    | Store in a cool/low-temperature, well-ventilated, dry place away from heat and ignition sources. |
| <b>Incompatible products</b> | None known.                                                                                      |

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Control parameters**

|                            |                                             |
|----------------------------|---------------------------------------------|
| <b>Exposure Guidelines</b> | No exposure limits noted for ingredient(s). |
|----------------------------|---------------------------------------------|

No relevant exposure guidelines for other ingredients

**Exposure controls**

|                             |                                                                                       |
|-----------------------------|---------------------------------------------------------------------------------------|
| <b>Engineering Measures</b> | <b>Distribution, Workplace and Household Settings:</b><br>Ensure adequate ventilation |
|-----------------------------|---------------------------------------------------------------------------------------|

**Product Manufacturing Plant (needed at Product-Producing Plant ONLY):**  
Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction

**Personal Protective Equipment**

|                       |                                                                                                    |
|-----------------------|----------------------------------------------------------------------------------------------------|
| <b>Eye Protection</b> | <b>Distribution, Workplace and Household Settings:</b><br>No special protective equipment required |
|-----------------------|----------------------------------------------------------------------------------------------------|

**Product Manufacturing Plant (needed at Product-Producing Plant ONLY):**  
Use appropriate eye protection

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Hand Protection</b> | <b>Distribution, Workplace and Household Settings:</b><br>For sensitive skin or prolonged use, wear gloves |
|------------------------|------------------------------------------------------------------------------------------------------------|

**Product Manufacturing Plant (needed at Product-Producing Plant ONLY):**

Protective gloves

**Skin and Body Protection**

**Distribution, Workplace and Household Settings:**  
No special protective equipment required

**Product Manufacturing Plant (needed at Product-Producing Plant ONLY):**  
Wear suitable protective clothing

**Respiratory Protection**

**Distribution, Workplace and Household Settings:**  
No special protective equipment required

**Product Manufacturing Plant (needed at Product-Producing Plant ONLY):**  
In case of inadequate ventilation wear respiratory protection

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                               |                                                                                             |             |
|-----------------------------------------------|---------------------------------------------------------------------------------------------|-------------|
| <b>Physical State @20°C</b>                   | Liquid                                                                                      |             |
| <b>Appearance</b>                             | light yellow to Yellow                                                                      |             |
| <b>Odor</b>                                   | characteristic                                                                              |             |
| <b>Odor threshold</b>                         | No information available                                                                    |             |
| <u>Property</u>                               | <u>Values</u>                                                                               | <u>Note</u> |
| <b>pH value</b>                               | No information available                                                                    |             |
| <b>Melting Point / Freezing Point</b>         | No information available                                                                    |             |

| <b>Partition coefficient: n-octanol/water</b> | No information available                                                                    |             |
| <b>Autoignition temperature</b>               | No information available                                                                    | .           |
| <b>Decomposition temperature</b>              | No information available                                                                    | .           |
| <b>Viscosity</b>                              | No information available                                                                    |             |
| <b>VOC Content (%)</b>                        | Products comply with US state and federal regulations for VOC content in consumer products. |             |

## 10. STABILITY AND REACTIVITY

|                                         |                                                                   |
|-----------------------------------------|-------------------------------------------------------------------|
| <b>Reactivity</b>                       | None under normal use conditions.                                 |
| <b>Stability</b>                        | Stable under normal conditions.                                   |
| <b>Hazardous polymerization</b>         | Hazardous polymerization does not occur.                          |
| <b>Hazardous Reactions</b>              | None under normal processing.                                     |
| <b>Conditions to Avoid</b>              | Keep away from open flames, hot surfaces and sources of ignition. |
| <b>Incompatible materials</b>           | None in particular.                                               |
| <b>Hazardous Decomposition Products</b> | None under normal use conditions.                                 |

## 11. TOXICOLOGICAL INFORMATION

Product Information

**Information on likely routes of exposure**

|                     |                                                              |
|---------------------|--------------------------------------------------------------|
| <b>Inhalation</b>   | No known effect.                                             |
| <b>Skin contact</b> | Irritating to skin. May cause sensitization by skin contact. |
| <b>Ingestion</b>    | No known effect.                                             |
| <b>Eye contact</b>  | Causes serious eye irritation.                               |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                          |                                          |
|------------------------------------------|------------------------------------------|
| <b>Acute toxicity</b>                    | No known effect.                         |
| <b>Skin corrosion/irritation</b>         | Irritating to skin.                      |
| <b>Serious eye damage/eye irritation</b> | Causes serious eye irritation.           |
| <b>Skin sensitization</b>                | May cause sensitization by skin contact. |
| <b>Respiratory sensitization</b>         | No known effect.                         |
| <b>Germ cell mutagenicity</b>            | No known effect.                         |
| <b>Neurological Effects</b>              | No known effect.                         |
| <b>Reproductive toxicity</b>             | No known effect.                         |
| <b>Developmental toxicity</b>            | No known effect.                         |
| <b>Teratogenicity</b>                    | No known effect.                         |
| <b>STOT - single exposure</b>            | No known effect.                         |
| <b>STOT - repeated exposure</b>          | No known effect.                         |
| <b>Target Organ Effects</b>              | No known effect.                         |
| <b>Aspiration hazard</b>                 | No known effect.                         |
| <b>Carcinogenicity</b>                   | No known effect.                         |

**Component Information**

| <b>Chemical Name</b> | <b>CAS-No</b> | <b>Oral LD50</b>            | <b>Dermal LD50</b>          | <b>Inhalation LC50</b> |
|----------------------|---------------|-----------------------------|-----------------------------|------------------------|
| Linalool             | 78-70-6       | 2790 mg/kg bodyweight (rat) | -                           | -                      |
| Eugenol              | 97-53-0       | 2300 mg/kg bodyweight (rat) | -                           | -                      |
| Citral               | 5392-40-5     | -                           | 2500 mg/kg bodyweight (rat) | -                      |

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

Hazardous to the Aquatic Environment.

|                                      |                           |
|--------------------------------------|---------------------------|
| <b>Persistence and degradability</b> | No information available. |
| <b>Bioaccumulative potential</b>     | No information available. |
| <b>Mobility</b>                      | No information available. |
| <b>Other adverse effects</b>         | No information available. |

**13. DISPOSAL CONSIDERATIONS****Waste treatment methods**

|                                                                 |                                                                                                     |
|-----------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|
| <b>Waste from Residues/Unused Products</b>                      | Disposal should be in accordance with applicable regional, national and local laws and regulations. |
| <b>Contaminated packaging</b>                                   | Disposal should be in accordance with applicable regional, national and local laws and regulations. |
