| Linalool          | CAS No<br>78-70-6  | <1     | Skin Irrit. 2 / H315<br>Eye Irrit. 2 / H319<br>Skin Sens. 1B / H317<br>Flam. Liq. 4 / H227 | (1)        |

For full text of abbreviations: see SECTION 16.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

## **SECTION 4: First-aid measures**

#### 4.1 Description of first-aid measures

#### General notes

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

#### Following inhalation

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. In case of respiratory tract irritation, consult a physician. Provide fresh air.

#### Following skin contact

Wash with plenty of soap and water.

#### Following eye contact

Remove contact lenses, if present and easy to do. Continue rinsing. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart.

#### Following ingestion

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

#### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects are not known to date.

#### 4.3 Indication of any immediate medical attention and special treatment needed

none

#### **SECTION 5: Fire-fighting measures**

#### 5.1 Extinguishing media

Suitable extinguishing media Water, Foam, ABC-powder

Unsuitable extinguishing media Water jet

#### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products

Carbon monoxide (CO), Carbon dioxide (CO2)

#### 5.3 Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Coordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

# **SECTION 6: Accidental release measures**

# 6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Remove persons to safety.

For emergency responders

Wear breathing apparatus if exposed to vapors/dust/aerosols/gases.

#### 6.2 Environmental precautions

Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it.

#### 6.3 Methods and material for containment and cleaning up

Advice on how to contain a spill

Covering of drains, Take up mechanically

Advice on how to clean up a spill

Take up mechanically.

Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

## 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

# **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling

#### Recommendations

- Measures to prevent fire as well as aerosol and dust generation

Use local and general ventilation. Use only in well-ventilated areas. Ground/bond container and receiving equipment.

- Specific notes/details

Dust deposits may accumulate on all deposition surfaces in a technical room. The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion.

#### Advice on general occupational hygiene

Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.

#### 7.2 Conditions for safe storage, including any incompatibilities

Managing of associated risks

- Explosive atmospheres
  - Removal of dust deposits.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

# 7.3 Specific end use(s)

See section 16 for a general overview.

# **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

| Coun<br>try | Name of agent      | CAS No        | Iden-<br>tifier | TWA<br>[ppm] | TWA<br>[mg/<br>m³] | STEL<br>[ppm] | STEL<br>[mg/<br>m³] | Ceil-<br>ing-C<br>[ppm] | Ceil-<br>ing-C<br>[mg/<br>m³] | Nota<br>tion | Sourc<br>e          |
|-------------|--------------------|---------------|-----------------|--------------|--------------------|---------------|---------------------|-------------------------|-------------------------------|--------------|---------------------|
| US          | polyvinyl chloride | 9002-86-<br>2 | TLV®            |              | 1                  |               |                     |                         |                               | r            | AC-<br>GIH®<br>2022 |

 Ceiling-C
 ceiling value is a limit value above which exposure should not occur

 r
 respirable fraction

 STEL
 short-term exposure limit: a limit value above which exposure should not occur and which is related to a 15-minute period (unless otherwise specified)

 TWA
 time-weighted average (long-term exposure limit): measured or calculated in relation to a reference period of 8 hours time-weighted average (unless otherwise specified)

# 8.2 Exposure controls

Appropriate engineering controls

General ventilation.

Individual protection measures (personal protective equipment)

Eye/face protection

Wear eye/face protection.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

Skin protection

- Hand protection
- Wear protective gloves.
- Type of material PVA: polyvinyl alcohol, Nitrile
- Material thickness

>0.5 mm

- Breakthrough times of the glove material
- >120 minutes (permeation: level 4)
- Other protection measures

Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended. Wash hands thoroughly after handling.

## Respiratory protection

In case of inadequate ventilation wear respiratory protection.

#### Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

# **SECTION 9: Physical and chemical properties**

# 9.1 Information on basic physical and chemical properties

#### Appearance

| Physical state | solid          |

# **SECTION 10: Stability and reactivity**

# 10.1 Reactivity

9.2

Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

# 10.2 Chemical stability

See below "Conditions to avoid".

# 10.3 Possibility of hazardous reactions

No known hazardous reactions.

# 10.4 Conditions to avoid

There are no specific conditions known which have to be avoided.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

#### Hints to prevent fire or explosion

The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion.

#### 10.5 Incompatible materials

Oxidizers

#### 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

## **SECTION 11: Toxicological information**

#### 11.1 Information on toxicological effects

Test data are not available for the complete mixture.

#### Classification procedure

The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

#### Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

#### Acute toxicity

Shall not be classified as acutely toxic.

#### Skin corrosion/irritation

Causes skin irritation.

#### Serious eye damage/eye irritation

Causes serious eye irritation.

#### Respiratory or skin sensitization

Contains Linalool. May produce an allergic reaction.

#### Germ cell mutagenicity

Shall not be classified as germ cell mutagenic.

#### Carcinogenicity

Shall not be classified as carcinogenic.

#### Reproductive toxicity

Shall not be classified as a reproductive toxicant.

#### Specific target organ toxicity - single exposure

Shall not be classified as a specific target organ toxicant (single exposure).

#### Specific target organ toxicity - repeated exposure

Shall not be classified as a specific target organ toxicant (repeated exposure).

#### Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

# SECTION 12: Ecological information

## 12.1 Toxicity

Г

Harmful to aquatic life.

| Aquatic toxicity (acute) of components of the mixture |          |          |                                    |                       |                  |

# 12.2 Persistence and degradability

Data are not available.

#### 12.3 Bioaccumulative potential

Data are not available.

#### 12.4 Mobility in soil

Data are not available.

# 12.5 Results of PBT and vPvB assessment

Data are not available.

# 12.6 Endocrine disrupting properties

None of the ingredients are listed.

# 12.7 Other adverse effects

Data are not available.

# SECTION 13: Disposal considerations

# 13.1 Waste treatment methods

Sewage disposal-relevant information

Do not empty into drains. Avoid release to the environment. Refer to special instructions/safety data sheets.

#### Waste treatment of containers/packages

Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

## Remarks

Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

| SECTION 14: Transport information |  |  |  |
|-----------------------------------|--|--|--|
| 14.1 UN number                    | not subject to transport regulations                                       |  |  |
| 14.2 UN proper shipping name      | not relevant   |  |  |
| 14.3 Transport hazard class(es)   | not assigned   |  |  |
| 14.4 Packing group                | not assigned   |  |  |
| 14.5 Environmental hazards        | non-environmentally hazardous acc. to the danger-<br>ous goods regulations |  |  |

#### 14.6 Special precautions for user

There is no additional information.

# 14.7 Transport in bulk according to IMO instruments

The cargo is not intended to be carried in bulk.

# Information for each of the UN Model Regulations

DOT

# **Transport of dangerous goods by road or rail (49 CFR US DOT) - Additional information** Not subject to transport regulations.

# **International Maritime Dangerous Goods Code (IMDG) - Additional information** Not subject to IMDG.

# **International Civil Aviation Organization (ICAO-IATA/DGR) - Additional information** Not subject to ICAO-IATA.

# **SECTION 15: Regulatory information**

# 15.1 Safety, health and environmental regulations specific for the product in question

National regulations (United States)

Toxic Substance Control Act (TSCA) all ingredients are listed

# Superfund Amendment and Reauthorization Act (SARA TITLE III )

- The List of Extremely Hazardous Substances and Their Threshold Planning Quantities (EPCRA Section 302, 304)

none of the ingredients are listed

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

- Specific Toxic Chemical Listings (EPCRA Section 313) none of the ingredients are listed

# Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)

- List of Hazardous Substances and Reportable Quantities (CERCLA section 102a) (40 CFR 302.4) none of the ingredients are listed

# **Clean Air Act**

none of the ingredients are listed

# **Right to Know Hazardous Substance List**

# - Cleaning Product Right to Know Act Substance List (CA-RTK)

| Name of substance | CAS No   | Functionality | Authoritative Lists    |
|-------------------|----------|---------------|------------------------|
| Dioctyl Adipate   | 123-79-5 | fragrance     |                        |
| benzyl benzoate   | 120-51-4 | fragrance     | EU Fragrance Allergens |
| Linalool          | 78-70-6  | fragrance     | EU Fragrance Allergens |
| Eugenol           | 97-53-0  | fragrance     | EU Fragrance Allergens |

- Toxic or Hazardous Substance List (MA-TURA) none of the ingredients are listed
- Hazardous Substances List (MN-ERTK) none of the ingredients are listed
- Hazardous Substance List (Chapter 323) (PA-RTK) none of the ingredients are listed
- Hazardous Substance List (RI-RTK) none of the ingredients are listed

# California Environmental Protection Agency (Cal/EPA): Proposition 65 - Safe Drinking Water and Toxic Enforcement Act of 1987

none of the ingredients are listed

# Drug precursors, Chemicals designated within the Controlled Substances Act, 21 U.S.C. $\S$ 802, paragraphs 34 (list I) and 35 (list II)

none of the ingredients are listed

# Industry or sector specific available guidance(s)

# NPCA-HMIS® III

Hazardous Materials Identification System. American Coatings Association.

Version number: 2.1 Replaces version of: 2022-01-31 (1) Revision: 2022-11-21

| Category            | Rating | Description   |
|---------------------|--------|---|
| Chronic             | /      | none  |
| Health              | 2      | temporary or minor injury may occur   |
| Flammability        | 1      | material that must be preheated before ignition can occur   |
| Physical hazard     | 0      | material that is normally stable, even under fire conditions, and will not react with wa-<br>ter, polymerize, decompose, condense, or self-react. Non-explosive |
| Personal protection | -      |   |

## **NFPA® 704**

National Fire Protection Association: Standard System for the Identification of the Hazards of Materials for Emergency Response (United States).

| Category       | Degree of<br>hazard | Description   |
|----------------|---------------------|---|
| Flammability   | 1                   | material that must be preheated before ignition can occur   |
| Health         | 2                   | material that, under emergency conditions, can cause temporary incapacitation or re-<br>sidual injury |
| Instability    | 0                   | material that is normally stable, even under fire conditions  |
| Special hazard |                     |   |

## Key literature references and sources for data

OSHA Hazard Communication Standard (HCS), 29 CFR 1910.1200.

Transport of dangerous goods by road or rail (49 CFR US DOT). International Maritime Dangerous Goods Code (IMDG). Dangerous Goods Regulations (DGR) for the air transport (IATA).

## **Classification procedure**

Physical and chemical properties: The classification is based on tested mixture. Health hazards, Environmental hazards: The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

## List of relevant phrases (code and full text as stated in section 2 and 3)

| Code | Text                                 |
|------|--------------------------------------|
| H227 | Combustible liquid.                  |
| H302 | Harmful if swallowed.                |
| H315 | Causes skin irritation.              |
| H317 | May cause an allergic skin reaction. |
| H319 | Causes serious eye irritation.       |
