

| INGREDIENT | WHAT IS IT? | WHAT DOES IT DO? |
|--|--|---|
| Water | deionized/demineralized water that has passed through filters to remove minerals | holds all ingredients together in solution |
| Dihydrogenated Palmolethyl Hydroxyethylmonium Methosulfate | biodegradable esterquat from palm oil | softens fabrics |
| Isopropyl Alcohol | rubbing alcohol | denatures alcohol for safety |
| Fragrance | mixture of natural, high-quality essential oils and safe synthetic fragrance ingredients | smells great and provides an aromatherapeutic experience |
| Gossypium Herbaceum (Cotton) Seed Extract | natural cotton extract | helps soften fabrics |
| Geranium Maculatum (Geranium) Oil | natural essential oil | provides fragrance |
| Rosa Centifolia (Rose) Flower Oil | natural essential oil | provides fragrance |
| Eugenia Caryophyllus (Clove) Flower Oil | natural essential oil | provides fragrance |
| Glycerin (Laundry) | corn-derived solublizer for enzymes | provides shelf life stability for enzymes |
| Calcium Chloride | natural mineral salt | adjusts product thickness and flow |
| Polysorbate 20 | Emulsifier that make oils compatible with water | ensures even dispersion and stability of fragrance |
| PEG-5 Cocoate | plant based emulsifier that makes oils compatible with water | ensures even dispersion and stability of fragrance |
| Methylisothiazolinone | non-formaldehyde preservative | safe and effective product preservative, < 1% of total volume to ensure shelf life safety |
| Benzisothiazolinone | non-formaldehyde, preservative | safe and effective product preservative, < 1% of total volume to ensure shelf life safety |
