

INGREDIENT	WHAT IS IT?	WHAT DOES IT DO?
Water	deionized/demineralized water that has passed through filters to remove minerals	holds all ingredients together in solution
Sodium Lauryl Sulfate	plant-derived cleaning ingredient	provides cleaning and foaming
Lauryl Glucoside	mild sugar derived surfactant	provides cleaning efficacy and stability to formulation
Lauramine Oxide	plant-derived cleaning ingredient	provides greasing cutting
Fragrance	mixture of natural, high-quality essential oils and safe synthetic fragrance ingredients	smells great and provides an aromatherapeutic experience
Glycerin (Household Cleaners)	natural corn-derived solublizer for extracts	provides shelf life stability for extracts
Citrus Medica Limonum (Lemon) Peel Oil	natural essential oil	provides fragrance
Abies Alba (Fir) Leaf Oil	natural essential oil	provides fragrance and cleaning efficacy
Cymbopogon Schoenanthus (Lemongrass) Oil	natural essential oil	provides fragrance
Quillaja Saponaria (Soap) Bark Extract	natural plant extract	cuts grease naturally to aid removal of soils
Aloe Barbadosis Leaf Juice	natural plant extract from aloe vera	helps to soothe and protect skin
Polysorbate 20	Emulsifier that make oils compatible with water	ensures even dispersion and stability of fragrance
Disodium Hydroxyethyliminodiacetate	non-EDTA metal ion chelator	boosts cleaning power and preservative effectiveness
Citric Acid	natural fruit acid	modifies the pH of the formula for optimum cleaning and stability
PEG-5 Cocoate	plant based emulsifier that makes oils compatible with water	ensures even dispersion and stability of fragrance
Methylisothiazolinone	non-formaldehyde preservative	safe and effective product preservative, < 1% of total volume to ensure shelf life safety
Benzisothiazolinone	non-formaldehyde, preservative	safe and effective product preservative, < 1% of total volume to ensure shelf life safety
